📇 PROFILE

A recent B.Sc Computer Science graduate with a strong foundation in programming, web development, and problem-solving. I am eager to apply my academic knowledge and internship experience to real-world software development challenges. Proficient in front-end and back-end technologies, with hands-on experience in building dynamic web applications. I am enthusiastic about continuous learning and committed to contributing effectively to team-driven and individual projects in a professional environment.

🧩 SKILLS

- **Web Technologies:** HTML, CSS, Bootstrap, React.js, Node.js, Express.js
- **Programming Languages:** C, C++, Java, Python, JavaScript
- **Database Management:** SQL, MongoDB
- **Others:** Git, Github

📂 PROJECTS

Clinic Appointment Management ⧉   06/2025
- Built a Clinic Appointment System using React.js.
- Patients can book and view their appointments.
- Doctors can approve or reject appointment requests.
- Used multi-step forms, clean UI, and responsive design.

Online Assessment Platform ⧉   07/2025
- Built using MERN stack with modular React components and responsive design.
- Separate logins for creators and attendees.
- Creators designed timed, secure multiple-choice assessments with unique IDs/passwords.
- Attendees logged in, accessed tests once, and submitted securely.
- Auto-scoring, results emailed, and all submissions stored in MongoDB.

🎓 EDUCATION

B.Sc(Computer Science)   06/2022 – 03/2025
Government Arts College - Paramakudi
Percentage: 71%

HSC   03/2021 – 05/2022
Ayira Vaisya Higher Secondary School - Paramakudi
Percentage: 83%

🧩 INTERNSHIP

Frontend Development   12/2024 – 03/2025
Kevell Guru   Madurai
- Completed an internship focused on HTML, CSS, JavaScript and ReactJs.
- Built one main project and three mini projects during the internship.
- Gained hands-on experience by developing dynamic and responsive websites

✏️ DECLARATION

I hereby declare that the information furnished above is true to the best of my knowledge
